

ANCHORAGE REENTRY COALITION

Who We Are

The Coalition represents community members, state departments, housing opportunities, social services, health/treatment providers, and those with current and former criminal-justice involvement in Alaska.

Our mission is to serve as a resource guide to assist those returning home after incarceration. With this mission we strive to be a collaborative space, resource directory, and support of those either navigating the Criminal Justice/Corrections system, or the workforce that surrounds the complex work of Reentry.

Our Vision is to support opportunities for change and restoration for both reentrants and the Anchorage community. These opportunities are provided through access to treatment, housing, peer support, employment/education, digital equity and systems navigation.

What we do:

- ✓ **Collaborations & Partnerships**
Connecting community, stakeholders, lived experience, providers and more for feedback on barriers and needs for CJ-involved.
- ✓ **Education & Advocacy**
Promote fair policies & education tools to empower individuals to rebuild their lives positively.
- ✓ **Community Navigation**
Current information and awareness of best practices for referrals into services needed in the community.
- ✓ **Resource Consultation**
Contact us using the info below for free guidance and resource support, whether you're in the workforce, or returning to Anchorage post-release, *we're here to help!*

Visit our website to join the Mailing List for Meetings, Simulations, Newsletters, and more!
